

## **A Prayer for Israel - 2025**

*F. Scott Nickerson*

We come before your throne O Lord God of Abraham, Isaac, and Jacob, our hearts burdened for our brothers and sisters of Judah and for the peace of Jerusalem in your covenant Land. Turn their searching hearts toward You and their Messiah.

We pray that all of Judah, the men, the women and children, the soldiers of Israel, the Rabbi's, and all leaders in the Land, as well as Jewish influencers in journalism and culture would seek Your face and that You would reveal to them their Messiah, Yeshua, for He is their redeemer and King, and is your shield in these times. Bring them to faith and salvation thru revelation and renew for them all Your covenants.

Father, we exalt Your Name which is above ALL names. You are El Elyon, God Most High, the Rock and Redeemer of Israel, your bride. We acknowledge that you are in control of events upon the earth and desire to bring about Your ultimate PEACE, in its fulness when you return and set-up the everlasting rule of Your Kingdom.

Until then, May the God of creation, who created His Nation Israel through our forefathers Abraham, Isaac and Jacob, GUIDE and give wisdom to all the defenders of The State of Israel today. You, Father, have brought your people Yehudah back to their Land in fulfillment of your WORD, before Your return to Your Land. And Father, WAKE UP Your redeemed House of Joseph among the nations and draw us closer to our brother Yehudah before our own return to Your Land.

**Father**, we know that the spiritual battle rages in the unseen realm and we see the manifestation of that in the attacks on Israel and the Jewish people and the antisemitism around the world. We pray for miracles of protection for your people, for those who are in direct conflict with an enemy and those who are just going about their days on the sidewalks and streets of Israel. Open the eyes of your people to walk in awareness of and faith in the God of Israel for the time of their Messiah is upon them.

And finally, May Yah, the Holy One, watch over and deliver the warriors of Israel from ambush and all forms of attack from the enemy. May Yah create stumbling blocks and confusion among the enemy and cause them to turn against each other. May HE bring victory in the fight against evil.

We pray these things In the Name of Yeshua, the Word made flesh, the Holy One of Israel and Lion of the Tribe of Judah! Amein!

Finally, we pray for Your divine protection for the ones who stand guard over the Land and cities and the people in all their places of habitation, especially in Judea and Samaria, the heartland of Israel. Protect them from attack from the land, from the sea and from the air.
